Military Scholarship

Summary:

H&R Block (“HRB”) is a partner with the various military branches and offers a scholarship providing FREE Income Tax Course (ITC) materials for military spouses and wounded warriors. We consider military spouses and wounded warriors excellent candidates because they typically have an excellent work ethic and have experience with military life situations. In the event of a permanent change of station (PCS), our global presence provides military spouses an opportunity to continue employment with another HRB office almost anywhere an HRB office is located; which is great for the military spouse employee and H&R Block. While employment is not guaranteed, the Income Tax School scholarship is provided to any military spouse or wounded warrior fitting the defined criteria described below.

Who is Eligible for the Scholarship providing FREE Income Tax Course?

Any I.D. holding military spouse of an active, retired or reserve military service member, Wounded Warriors (as defined by the DoD), wounded Warrior’s spouse and widow/widower of military service member fallen during combat are eligible. Active Duty service members are not eligible for this scholarship, but can choose to attend classes if they wish to pay the required tuition. The local military installation Employment Readiness Program Managers (ERPM) or Employment Readiness Specialists (ERS) should verify the eligibility potential students’ before referring them to an H&R Block to register for the tax course. An additional verification of status will happen at the site of the course, so eligible candidates must have their military I.D. available.

Offer/Benefit:

H&R Block offers a Scholarship that provides FREE Income Tax Course (ITC) course materials. Although we would like to hire a large percentage of eligible military spouses and wounded warriors, there may be situations that prevent candidates that have completed the course to be immediately hired with a local HRB tax office. Each situation will be examined on an individual basis.
